Rationale for Financial Commitment

Downtown Academy asks for a financial commitment for those who enroll or re-enroll for next year. Enrollment or re-enrollment is a commitment from the parents to pay their portion of their child's tuition. While the school seeks out scholarships to make the tuition at Downtown Academy affordable to all families, we also take very seriously the commitment we enter into with you.

1. Downtown Academy/Ministries takes commitments very seriously. Commitments are like covenants that bind two parties together. Just as God honors His word to us, we must strive to honor our word to each other.
2. Downtown Academy commits to the parents to provide a full year of education which requires a full year of tuition payments. The school is committed to be here for the child and plans each year's expenditures based on the enrollment numbers.
3. Parents should take very seriously the signature to enroll the child. If there is any question about whether the child will attend DtA, then the parent should address the question with the school administration when they re-enroll.
4. The re-enrollment commitment guarantees a slot will be held for the child in the upcoming school year. If the child does not come the next School year, the parent is expected to let the school administration know as far ahead of time as possible.
